Exclusion Search Tips

- There may be instances when a Firm or Individual has the same name, or a similar name, as your search criteria but is actually a different party. Read the entire record to understand why the entity was excluded and what effect this exclusion has on your decision.

- To verify a potential match or obtain additional information, contact the federal agency that created the exclusion record. Contact information for the designated Agency Point of Contact (POC) is linked to the Excluding Agency name within the record. You can also navigate to the Agency Exclusion POC page within SAM Help under Exclusions Information.

- SAM does not have DUNA number or CAGE code identifiers for all Firm exclusions records. Therefore, a search by one of these fields alone may not be sufficient. Conduct an additional Name search if no results are found by the entity identifier.

- If you search only on a particular classification type (e.g. Firm), you are potentially excluding exclusion records created under a different classification.

4. Search Results will display on the bottom of the screen:

5. A copy of your attestations should be kept for your records and be readily available, if requested by the IPA or Health Plan.

6. Please fax the attestation to (714) 947-8708.
